INTRODUCTION

The Port of Edmonds is a Special Purpose Municipal Government established under RCW Title 53. Formed in 1948 through a public vote, the Port serves a district that includes portions of the City of Edmonds and the entirety of the Town of Woodway. Washington State ports are tasked with developing infrastructure, fostering economic growth, and promoting tourism within their boundaries.

The Port of Edmonds operates a full-service Marina on Puget Sound for recreational boating. The Marina consists of an in-water facility with 664 slips, a dry stack storage facility for 220 vessels, two public boat launches, a workyard, a fuel dock, guest moorage, and parking facilities. In addition to the Port's Marina Operations, the Port rents its land to commercial users who then build suitable facilities on the land. The Port also owns and manages eight buildings, renting portions of those buildings to approximately 60 tenants. Major tenants include a hotel, an athletic club, three restaurants, a yacht broker/repair facility, and a yacht club. In addition to its lines of business the Port provides the Portwalk, a popular community amenity as well as hosting a series of environmental educational programs and community events.

Governance is provided by five elected Port Commissioners, each serving four-year terms. In accordance with Washington State law, the Commissioners appoint an Executive Director to oversee daily operations and a Port Auditor to manage financial affairs. Currently, the Director of Finance and Administration serves as the appointed Port Auditor.

BUDGET PROCESS

The Port Commission adopts the annual budget, which serves as a strategic plan outlining the allocation of resources for operations and capital projects. The budget communicates anticipated revenue sources, projected service costs, and provides a framework for evaluating and prioritizing repairs, improvements, and other initiatives.

While the budget reflects the Port's best estimates and intentions, actual results may vary due to changes in facility or equipment conditions, shifting priorities, or fluctuations in the economic environment. To remain responsive and aligned with its mission, the Port may reallocate funds as needed to address urgent repairs or take advantage of emerging market opportunities.

In 2024, the Port of Edmonds conducted a Strategic Plan workshop to chart a clear course for the future. The goal was to ensure the Port remains focused on its core priorities: enhancing waterfront access, promoting economic development, advancing environmental stewardship, and delivering meaningful value to the community and the public. As a faithful steward of public resources, the Port has adopted financial goals to keep the Port on a firm financial footing with accurate and transparent financial reporting. One of the Port's primary financial goals is the development of a comprehensive 20-year Capital Improvement Plan, which will guide strategic investments in infrastructure and support the Port's mission to serve the community effectively and sustainably.

The Port of Edmonds implemented and adopted the 20-year Capital Improvement Plan in Q3 2025 and the 20-year Cash Flow Model in Q4 2025 to prepare for growth opportunities and support critical decisions as there will be large capital expenditures such as replacing major

Marina structures such as North Portwalk & Seawall Reconstruction Project (Phase II and Phase III) and Mid-Marina Breakwater Replacement.

In Q1 2024, the Port completed Phase I of the North Portwalk & Seawall Reconstruction Project, which is constructing a new Administration and Maintenance building using capital improvement reserve funds. Phase II is site preparation (removal of old Administration building) and electrification, with the projected start date of Q4 2026, estimated at \$3.0 million. Phase III will be Seawall construction and Portwalk upgrades to provide flood protection and resiliency. The projected start date is 2028, estimated at \$29.1 million.

To date, the Port has secured external funding to support these efforts, including a \$0.5 million grant from the Recreation and Conservation Office (RCO) awarded in 2023, and a \$1.5 million Electrification Competitive Grant from WSDOT for Phase II awarded in 2024.

On February 24, 2025, the Commission approved continuing the use of CPI + 1% as the basis for marina rate increases with the modification of using the average of the H2 average from prior year and H1 average from current year of CPI-U (Consumer Price Index for All Urban Consumers – Seattle-Tacoma-Bellevue) for budget planning:

H2 2024 CPI-U: 3.2%H1 2025 CPI-U: 2.3%

Average CPI: (3.2% + 2.3%) / 2 = 2.75%

• CPI + 1%: 3.75%

At its meeting on July 31, 2025, the Finance Committee reviewed open moorage, covered moorage and dry storage seasonal rates, and recommended applying the CPI + 1% or 3.75% rate increase for the 2026 budget.

USING THE BUDGET

The 2026 Preliminary Budget packet is attached. The annual budget consists of the Marina budget, the Rental Properties budget, the Overhead budget, the Capital budget, the Cash Flow Model, as well as proposed Moorage, Dry Storage, and Marina Operations fees.

The <u>Port Budget Summary</u> on pages 7-8 shows the operating and non-operating revenues and expenses by profit and cost centers.

The <u>Marina Operating Budget</u> on page 9 shows the revenues and expenses for Permanent Moorage, Dry Storage, Electricity, Environmental, Fuel and Oil sales, Guest Moorage, Workyard, and Launcher. Moorage and Dry Storage rates are budgeted with an increase of CPI + 1%, which is a 3.75% increase. The Port uses the Consumer Price Index, All Items, Seattle-Tacoma-Bellevue for All Urban Consumers. It will be referred to as CPI during the discussions. The <u>Marina Operating Budget Notes</u> on pages 10-16 provide the assumptions and explanations for the line items in the Marina Operating Budget.

The <u>Rental Properties Operating Budget</u> on page 17 shows the revenues and expenses for the Port's rental properties, which include Harbor Square Property, Anthony's Restaurant, Edmonds Yacht Sales, the Landing, POE 2 LLC (Jacobsen's building), and the Edmonds Yacht Club. The <u>Rental Properties Operating Budget Notes</u> on pages 18-20 provide the assumptions and explanations for the line items in the Rental Properties Operating Budget.

The <u>Overhead Operating Budget</u> on page 21 shows the revenues and expenses that cannot be specifically allocated to a cost center. Examples include but are not limited to Commission costs, attorney costs, Port vehicle costs, depreciation and maintenance of the Administration building, and Information Technology support. The <u>Overhead Operating Budget Notes</u> on pages 22-27 provide the assumptions and explanations for the line items in the Overhead Operating Budget.

The <u>2026 Combined Operating Budget</u> on pages 28-29 combines the Marina, Rental Properties, and Overhead Operating Budgets.

The <u>Combined 2021-2024 Actual, 2025 Budget, 2025 Projected, and 2026 Budget</u> on pages 30-31 shows the actual revenues and expenses for 2021 through 2024, the budgeted revenues and expenses for 2025, projected revenues and expenses for 2025, and the budgeted revenues and expenses for 2026. Page 32 shows the revenue and expense trends from 2022 through the 2026 Budget.

The <u>Capital Improvement Plan</u> on pages 33-36 shows the capital projects for 2026 to 2030. The Commission approved the 20-year Capital Improvement Plan in Q3 2025, and it is a document with continuous updates based on changes in conditions.

The <u>Cash Flow Model</u> on pages 37-38 shows the estimated inflows and outflows of cash for 2026 to 2045. It includes Operating Budget and Capital Budget items, as well as cash reserves.

The Consumer Price Index, All Items, Seattle-Tacoma-Bellevue for All Urban Consumers is shown on page 39.

Moorage and Dry Storage Rates are shown on pages 40-42 at an increase of CPI + 1%, which is 3.75% for 2026. The documents also show the dollar amount of the increases. The Moorage Rate Survey on page 43 shows the Port's rates compared to other Marinas as of July 2025.

<u>Travelift and Workyard Fees</u>; <u>Guest Moorage, Loan-a-Slip, Launcher, and Parking Fees</u>; <u>Other Services</u>; and <u>Other Moorage Fees</u> on pages 44-48 show the Marina Operations fees history and proposed increases.

Pages 49-51 show the <u>2025 Workyard Rate Survey</u>, as well as a comparison of fees for a 32' boat and a 50' boat.

The <u>Port of Edmonds Pay Scale</u> on page 52 shows non-exempt staff pay scale.

Page 53 shows the Port District Tax Levy History from 1990 to projected 2026. Page 54 shows graphs of the Assessed Value of the Port District from 1990 to 2026, the Tax Levy amount from 1990 to 2026, and the Tax Levy Rate from 1990 to 2026. Page 55 shows estimated Port District resident property taxes for 2026. Figure 4 on page 56 shows the 8 year changes in total property taxes for a \$1.3 million home, \$1.4 million and \$2.4 million home with original home values based on 2024 valuations. Figure 5 shows the changes in Port property taxes for that same time period. Figure 6 on page 57 shows the total property taxes for a \$1.3 million home as compared to Port property taxes.

The Marina Operating Budget includes the following cost centers: Permanent Moorage, Dry Storage, Electricity, Environmental, Fuel and Oil sales, Guest Moorage, Workyard, and Launcher.

Revenues:

- (M1) Electrical Based on average of last 5 years. The electrical base rate covers reading the meters, depreciation on the purchase of the meters, repair and maintenance of the meters, insurance, business taxes and overhead. Revenues include an electrical base rate, and pass through for actual electrical usage.
- (M2) Environmental Fee per slip or space per month to cover increasing costs of complying with the workyard permit including monthly testing and reporting; properly disposing of hazardous materials such as bilge water, paint, batteries, oil, hazardous material handling classes, etc. Budget based on current year's estimated revenues.
- (M3) Environmental Workyard Includes environmental fee based on the length of the boat and reimbursement for tarp supplies. Budget is based on current year's estimated revenues.
- (M4) Fuel Sales Based on average of 2024 and estimated 2025.
- (M5) Launcher Launcher revenue is very dependent on the fishing and the weather. Revenue is budgeted as an average of the last 5 years. Lack of fish openings will decrease revenue.
- (M6) Miscellaneous Current year's estimated revenue. Miscellaneous revenues include clean up fees, engine hauls, workboat tows, pumpouts, sublease fees, wait list fees, boat destruction fees, etc.
- (M7) Guest Moorage Based on average of the last 5 years. The Port uses a seasonal Guest Moorage rate structure. For 2026, summer rate is \$1.90/ft, winter rate is \$1.75/ft. No change from 2025. The seasonal rate structure is competitive with the market.
- (M8) Permanent Moorage Presented is a rate increase of CPI + 1% (2.75% + 1%), with a 3% vacancy. This is a \$188,000 increase over 2025 projected revenue. Moorage rates are listed on pages 40 and 41. Additionally, Permanent Moorage also includes overhang and liveaboard.
- (M9) Passenger Fees Estimated at 30,000 passengers at \$2.54. Paid by Puget Sound Express.
- (M10) Dry Storage Presented is a rate increase of CPI + 1% (2.75% + 1%), with a 10% vacancy. This is a \$38,000 increase over 2025 projected revenue. Fishing seasons greatly affect Dry Storage occupancy. Dry storage rates are listed on page 42.
- (M11) Parking Based on 2025 estimated revenues. Includes additional parking permits, parking for trucks and trailers, and parking revenues from whale watching. Effective 2021, tenants receive 2 parking permits at no additional cost instead of 1. Additional permit parking needs to be purchased.
 - In 2026, the monthly commuter parking revenue of \$57,000 will be budgeted under Marina instead of Overhead. There are currently 26 commuter spaces, \$185 per month.
- (M12) Travelift Based on average of last 5 years.
- (M13) Workyard Based on average of last 5 years.
- (M14) Late fees 1% or \$50, whichever is greater. Based on average of last 5 years.
- (M15) Bad Debt Expense Budget is based on current year's projected expense. Accounts are written off and sent to collections. If collections is able to collect funds, the Port adjusts bad debt expense.

Expenses:

(M16) Cost of Sales - Consists of credit card fees for Moorage, Dry Storage, and Marina Operations services.

The Overhead Operating Budget includes revenues and expenses that cannot specifically be allocated to any one cost center. Some examples are Commissioner costs, attorney fees to attend Commission meetings, Information Technology support, etc.

Revenues:

- (O1) In 1999, the Port of Edmonds and City of Edmonds entered into an Interlocal Agreement for the use of storm water transmission facilities. The City charges the Port stormwater fees based on equivalent stormwater units (ESUs). Most of the water running off Port property on west side of Admiral Way does not go through the City's stormwater system at all, some drained to the Port's stormwater system. Therefore, the Port requests reimbursement on a monthly basis. As this is not actual revenue, this line item will be moved to utilities as an offset.
- (O2) The commuter parking revenue will be moving to Marina budget in 2026.

Expenses:

- (O3) Cost of sales Credit card fees on parking revenues will be in the Marina budget in 2026.
- (O4) Advertising & Notices the Port's official paper is the Everett Herald. The Port advertises Commission meetings/public hearing in the Everett Herald and My Edmonds News.

Commission meetings, public hearing, employment ads, bidding ads Other Advertising	4,000 1,000
TOTAL	5,000

- (O5) Audit Expense annual audit estimated \$50,000.
- (O6) Auto and Equipment Fuel For vehicles not allocated to one department. Budget is based on current year's estimated expense and 10% increase due to varies in price from fuel.
- (O7) Bank Charges Include WaFd Bank fees, LGIP fees, US Bank third party holder fees for long-term investments, costs of checks and deposit books.
- (O8) Commissioner Benefits Include medical and wellness. Medical premiums increased by 8%.
- (O9) Commissioner Education Conference fees for seminars.
- (O10) Commissioner Election Costs No election in 2026.
- (O11) Commissioner Payroll Taxes Include federal payroll taxes, L&I, and FMLA taxes.
- (O12) Commissioner Salaries and Wages Next increase is scheduled for January 2029.
- (O13) Commissioner Travel Travel related expenses to attend seminars.
- (O14) Communications Mailing to Port District and Edmonds residents. There will be two mailings in 2026.

TOTAL	241,800

- (O28) Salaries & Wages Changes from 2024 annual budget:
 - CPI increase of 2.75%
 - Merit increases per policy

Approximately \$6,000 decrease in total employee costs which include salaries & wages, payroll taxes and benefits. This is mainly due to change in staffing, increase in medical premiums, decrease in PERS rate.

Through July 31, 2025, salaries and wages were reported and recorded as follow:

Marina = 59%, a decrease of 3% from 2024 Rental Properties = 10%, an increase of 2% from 2024 Overhead = 30%, an increase of 1% from 2024 Capital Projects = 1%, similar to 2024

The 2025 salaries and wages budgets are allocated the same way.

- (O29) Strategic Plan seminars took place in 2024. Not applicable in 2026.
- (O30) Supplies Includes janitorial items, supplies used in operations, parts and equipment so that staff may make repairs.

 As our equipment ages, it needs more frequent repairs.

- (O32) Uniforms budget is based on staff recommendation of \$15,000.
- (O33) Utilities budget is based on 2025 projected plus 10%. Includes electricity, garbage and recycling, gas, telephone and internet, water and sewer.

The miscellaneous revenue for stormwater is moved to this line item as an offset since it is a reimbursement. Budget is based on stormwater system reimbursements from the City. In 2016, the Port's stormwater billings were reduced to account for stormwater that falls over the Marina. City increases the stormwater fees by 10% annually on average.

- (O34) Depreciation Estimated based on depreciation schedule plus new assets.
- (O35) Other Post-Employment Benefits and GASB 68 (Pensions) Sometimes the number is a negative expense and sometimes it's a positive expense. The OPEB and GASB 68 number is not determinable at budget time.
- (O36) Non-Operating Revenues/Expenses budgeted based on anticipated interest per bond schedules and LGIP account. Gain/Loss on Fixed Assets, Change in Fair Market Value of Investments, Interest Income, Interest Expense on Leased Assets and Operating Grant.

(O37) Property taxes - increase by 1% as allowed by law. The property taxes are used to fund Commission Costs and public access upgrades.

Notes

- (A) To date, the Port has secured external funding to support these efforts, including a \$0.5 million grant from the Recreation and Conservation Office (RCO) awarded in 2023, and a \$1.5 million Electrification Competitive Grant from WSDOT for Phase II. The project is expected to start in October 2026 through May 2027 being the latest completion date.
- (B) Estimating \$10.0 million for bond issuance. The Port's current statutory debt limit for non-voted (LTGO) bonds is based on Current Year Assessed Value ('AV') * 0.25% or 10,051,612,525 * 0.25 = \$25,129,031.
- (C) Estimating \$5.0 million in bond issuance to sustain cash on hand.

⁽A) The peak season is defined as the months of May, June, July, August, September, and October.

⁽B) The off season is defined as the months of January, February, March, April, November, and December.

The difference between peak season vs. off season is approximately 25% based on the assumption that our primary/peak boating season is the baseline.
